COURSEWORK

UNDERGRADUATE
Computer Programming (CS F111)

CERTIFICATIONS

COURSERA
Python For Everybody
Introduction to Git and GitHub

SKILLS

PROGRAMMING
C • Python • HTML

SOFTWARES
Adobe Photoshop • Adobe Illustrator • AutoDesk AutoCad • AutoDesk Fusion
Familiar:
CSS • Javascript

EXPERIENCE

PROJECTS

- Created a Basic Voice Recognition code using Python which can open web pages and applications through voice commands.

- Created a TimeTable generator(Desktop Version) which can generate timetable for our courses.

- Created lookalike Google search homepage and Google image search homepage.

- Made Flappy Bird Game using pyGame from Python.

- Created a Python code and Mobile App which can simulate the key presses on keyboard from the data sent by mobile application. The data received from accelerometer sensor in the mobile is sent to python code in the form HTTPrequests. With this we can use mobile as joystick

- Created a Sudoko Game using Processing Lang.

- Presently working on making a full fledged Calculator using JavaScript.

INTERESTS AND HOBBIES

- Interested in programming involving automation.

- Volunteering as a Designer in NSS for past six months.

- Involved in college clubs of art and designing.

- Designing and art.

- Self Assessment and making Bold Decision.
